Introduction

I am a junior front-end developer with expertise in languages such as HTML, CSS, JavaScript and React. I have a passion for creating user-friendly and visually appealing websites and web applications. I have experience working on a variety of projects, ranging from small business websites to medium sized projects and even mobile apps with react native. In addition to my technical skills, I also have strong communication and collaboration skills, making me a valuable asset to any team. I am excited to bring my skills and experience to a new opportunity and contribute to the success of the company. Thank you for considering my application.
